

Commercial Debt Recovery and Creditor Services

PRICE LIST

For your business to be successful, it is vital that clients, suppliers and other organisations you work with on a day-to-day basis, pay money that they owe you on time.

Many businesses can become vulnerable to financial risk from bad debt and late paying clients. That's where Debenhams Ottawa can help.

Our commercial debt recovery specialists have extensive knowledge of recovery options that often provide fast and effective recovery of undisputed debt. Here is a detailed breakdown of our services and fee structures.

Stage I: Pre-action

No win no fee debt collection

The service consists of sending your debtor a letter of claim and up to two further chaser letters if no response is received. There is no cost to you for this service unless a recovery is made by us, in which case a percentage of the recovery made will be payable. This no win no fee service is best suited to undefended debts with no substantive dispute.

This service includes:

- taking your instructions and reviewing documentation
- undertaking a Companies House check
- sending a letter of claim and two further chaser letters
- receiving payment and sending on to you.

Our contingent fees are between 2-25% depending on the level and age of the debt. Once payment is received our fees are payable at the agreed percentage whether payment is made to us or directly to you.

The fees do not include reviewing and responding to the debtor's response to any pre-action letter unless the debt remains undefended. If the debt is defended, we can provide a fee estimate for the next steps should you require this advice.

An administration fee of £120 plus VAT is payable to us should you withdraw your instruction within 60 days of sending the letter of claim, or if you require advice on next steps if a recovery is not made after the letter of claim and follow up letters have been sent.

The availability of this option is at our discretion and subject to a risk assessment on a case-by-case basis.

Fixed fee debt collection – letters of claim

We charge a fixed fee for standard letters of claim of £100 plus VAT. This includes our costs for drafting the letter and claiming statutory interest and compensation. It does not include any advice on the merits of the claim, the provision of management information or any follow up work.

The standard letter of claim requests that payment be sent to you.

If we receive a response disputing the debt, we can advise on the merits of the proposed defence and a strategy moving forward. The cost of this is based on a time spent basis.

Stage 2: Court action

Issue of proceedings

If payment of the debt due is not made, your next option will be to consider issuing court proceedings. This will be allocated to a track, based on the quantum claimed:
